

Admax V2000 IJ

Technical Data

Hiraoka Admax V2000 IJ is a glass fibre fabric with a translucent white PVC coating on both sides. The PVC coating has a special lacquer on the top surface for inkjet printing and ease of cleaning.

The fabric provides excellent backlit image quality for advertising and for printed blinds in both domestic and commercial applications.

The glass fibre base cloth offers several key advantages, including fire resistance, UV resistance, high strength and low stretch.
