

AwnScreen (SJM-1034FD)

Technical Data

AwnScreen is a high strength PVC coated polyester mesh fabric designed for the printing industry. It has a blackout style base cloth to allow an image to be printed on either side with no show through. It has excellent dimensional stability and resistance to edge curl to allow a high quality display. It has very high UV and FR resistance.

Base Fabric	Polyester
Coating	PVC
Weight (g/m²)	430
Tensile Strength (N/50mm)	3593 x 3593
Elongation (%)	23 x 25
Tear Strength (N)	397 x 411
Shade Factor (approx. %)	90
Fungal Resistance	Treated
Fire Retardant	Yes
UV Warranty*	5 years pro rata
Roll Size (m)	1.89 x 30
Colour	White

The above results are typical averages taken from quality assurance testing. Product technical data are subject to change without notice. *for further details see separate warranty statement.
